

OUR SERVICES

- **Free Site Assessment** – We evaluate your location for optimal solar potential
- **Premium Equipment Only** – A-Grade solar panels & certified components
- **On-Grid, Off-Grid & Hybrid Systems** – Solutions built around your power needs
- **System Sizes from 3kW to 250kW & Above** – From homes to mega factories
- **Single & 3-Phase Systems** – With VFDs for motors and industrial equipment
- **Net Metering Assistance** – Full support to legally export excess power
- **Installment Plans Available** – Flexible financing for schools and SMEs
- **After-Sales & Maintenance Support**
- **Experienced Engineering Team** – Reliable design, safety, and performance

-  Save Up to 80% on Your Monthly Electricity Bill
-  Say Goodbye to Load Shedding
 - With backup-ready systems
-  Eco-Friendly Power – Reduce your carbon footprint

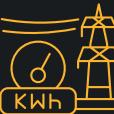

WHY GO SOLAR WITH ECO SUN?

Stable Power = Uninterrupted electricity supply

Quick ROI – Solar pays for itself within a few years

Net Metering = Earn from the Grid

ESG ECOSUN GLOBAL

POWERING
PAKISTAN WITH
SMART SOLAR
SOLUTIONS

FOR SCHOOLS: POWERING FUTURE GENERATIONS

-  Stable classrooms during power outages
-  Lower electricity bills = more funds for education
-  Installment plans & compact rooftop designs available
-  Daytime Operation = Maximum Solar Benefit

FOR CNG/PETROL STATIONS: SOLAR FOR NON-STOP OPERATIONS

-  No Business Downtime During Load Shedding
-  Prepare for the Future – integrate EV charging into your energy plan
-  Corporate Branding Boost – market your station as “eco-powered”
-  Lower Electricity Bills, Maximum profits.

FOR INDUSTRIES: POWERING PRODUCTIVITY

-  Mega installations up to and beyond 250kW
-  Integration with VFDs and 3-Phase motors
-  Reduce reliance on expensive grid/diesel generators
-  Net metering for efficient energy usage

FOR UNIVERSITIES: SOLAR THAT SUPPORTS LEARNING

-  Campus-wide installations for labs, hostels, admin blocks
-  Reliable backup in remote or rural campuses
-  Support for Green Campus Initiatives aligned with UN SDGs
-  Grant & CSR alignment for green transformation
